With this, I can recommend the HP Deskjet 3755 printer. This makes the printer ideal for all large business jobs because it is efficient. Pros-can is a fully printer that can scan your copy and print in high quality colors. Connects to several devices to configure and use the printing quality is top-classaffordsable cons   % that Bluetooth printing connectivity is not so good Check in Amazon 3. Supports A paper size of several sizes, be envelopes, cards (3x5in, 5.8-8, 4.8-6), photo, executive, letter, etc. What does not the printer not without paint quickly? It also helps reduce the cartridge's waste. It features wireless and compact design - this printer is designed in a compact design to fit those with small space and connect with your devices easily through wireless design. High-tech connectivity - the printer is enabled for wireless; This helps you control your connectivity without using any cable. Conclusion There are so many options available for printing devices, copying and scanning documents. Dual-Band Wi-Fi- The printer has an automatic self-cure Wi-Fi to detect connection problems and solve them instantly. It is a complete device that can run all the jobs you can have. FAQ What is the most trusted printer? However, HP devices are more reliable      
